# PROPOSED IDEA FOR THE ANIMATION

'WHERE TO BUY' WORD PART:
The word of 'WHERE TO BUY' will glided to left when mouse scrolling (as shown in the web reference below).

Web Reference: https://zajno.com/

BUTTON PART:
User either choose Physical Store or Online store to view.

SEARCH PART:
User need to enter the address or city if they wish to look for the nearby physical stores.

All the words will be glided up when mouse scrolling.

INFO in TIMELINE PART:
1. All physical stores' name **will be shown here in the timeline style.** (EXCEPT when the user use the search bar to search for the nearby stores, then the nearby stores will only be shown, like the image shown beside.)

2. User need to click on the pink dot or the shop name to **view the drop-down details of the shop (for eg, address, phone, email).**

3. Besides, **the map will show the info too** when user click on specific pink dot or shop name.
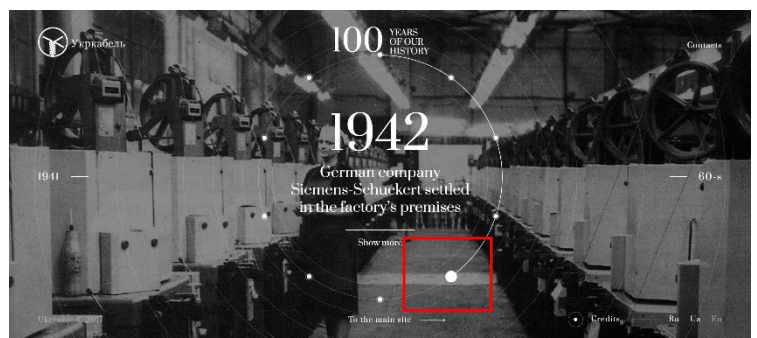

ANIMATION FOR THE PINK DOT PART:
1. The pink dot (include inner and outer circle) will be expand **when user click on the dot or the shop name to view the details** (as shown in the web reference below).
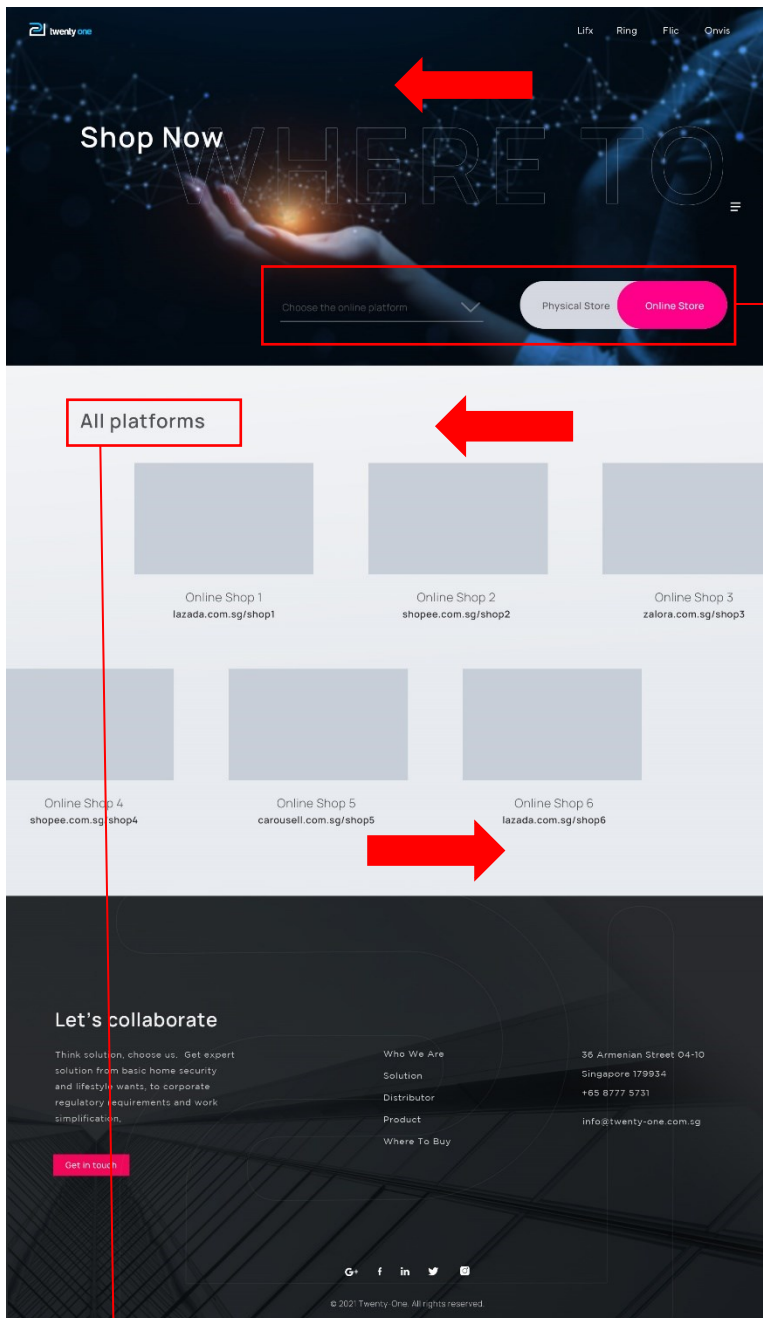

2. The line of the timeline will faded when **mouse is far** from that area and it will appeared again when the **mouse is neared** the area.
